Faith Louise at just 4 years old told everyone she could, that she wanted to be a Pop Star. After recording herself on a laptop at home her public music journey started at 7 years old performing in local musical theatre groups.

At 11 years old she entered her first singing contest, Factor Essex and although she didn't make it past the 2nd round bootcamp the organisers offered her open mic spots and the following year she got all the way to the Factor Essex Finals where she was offered a private audition to the voice kids and an artistic development space with SAFO Music.

This is where Faith Louise's love of writing songs emerged. Working with many producers to develop her sound Faith Louise returned to Factor Essex in 2019 where she won and her first song "Breakthrough" was released as her winners single. In 10 Seasons Faith Louise was the first contestant to write her own winners single.

In early 2021 Faith Louise signed with London based Record Label Regent Street Records after her second single Blaa was released at just 15 years old !

When most think of “Teen Pop Sensations”, there’s a certain stigma that most will automatically jump to from what they’ve seen on TV. In a sentence, Faith Louise is not that.

Faith has shown a strong mixture of artistic talent, business direction and a huge pool of content which is already resounding well with her rapidly growing fanbase.
